Town Warrant

To the inhabitants of the Town of Seabrook qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the eleventh day of March next, at ten of the clock in the forenoon to act upon the following subjects:

Article 1. To elect a Town Clerk, one Selectman and Assessor for a term of three years, Town Treasurer, Collector of Taxes, three Constables, Highway Agent, three Overseers of the Poor, a Chief of Police and all other town officials for the year ensuing.

Article 2. To see what sums of money the town will vote to raise for the expense of the general government, for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the town poor and all other necessary expenditures for the year ensuing.

Article 3. To see if the town will vote to authorize the Selectmen to borrow money on anticipation of taxes, and to renew and refund town notes.

Article 4. To hear the report of the budget committee and act thereon.

Article 5. To see if the town will vote to allow a discount on taxes.

Article 6. To see what sums of money the town will vote to raise to defray the expense for collecting garbage

at Seabrook Beach, the same to be left in the hands of the Selectmen.

Article 7. To see what sums of money the town will vote to raise for the observance of Memorial Day.

Article 8. To see if the town will vote to raise the sum of one hundred fifty (\$150.00) dollars to construct and maintain a common at the junction of Collins and South Main Street.

Article 9. To see if the town will vote to petition the state tax commission to have an audit made by the division of municipal accounting and to make an appropriation to cover the expense of such audit.

Article 10. To see if the town will vote to raise the sum of \$198.82, the state to contribute \$795.28 for Town Road Aid.

Article 11. To raise and appropriate for the issuance and distribution of printed matter and otherwise publicizing the resources and natural advantages of the town in cooperation with other towns coordinated in the Seacoast Regional Development Association, the sum of \$84.00.

Article 12. To see if the town will vote to re-seed the clam flats and appoint an officer to protect them and to raise money for same, on petition of Wallace I. Randall and ten others.

Article 13. To see what action the town will take in regard to the protection of our clams and clam industry, and to raise and appropriate money for the same.

Article 14. To see what action the town will take in regard to receiving a town dump, and to raise money for same.

Article 15. To transact all other business that may legally come before said meeting.

Given under our hands and seal this twenty-first day of February, 1941.

WILLIAM H. SANBORN,
RALPH O. BRAGG,
THOMAS F. OWEN,
Selectmen of Seabrook.

A true copy of Warrant—Attest:

WILLIAM H. SANBORN,
RALPH O. BRAGG,
THOMAS F. OWEN,
Selectmen of Seabrook.

Report of an Examination and Audit of the Accounts of the Town of Seabrook

November 20, 1940

Board of Selectmen,
Seabrook, New Hampshire,

Gentlemen:

An audit of the accounts of the Town of Seabrook has been made by this division in accordance with the petition received as a result of the vote taken at the annual meeting last March. This audit covered the period from September 27, 1939, (date of the previous audit) to October 14, 1940. A report is submitted herewith with schedules as hereafter listed.

FINANCES

Reduction of Net Debt: A reduction of Net Debt amounting to \$4,966.80 was made during the year ended January 31, 1940. On this date the Net Debt stood at \$8,244.69, as compared to \$13,211.49 at the close of the previous year. (Schedule F.)

This reduction in Net Debt was in part due to the Net Budget Surplus for the year of \$2,614.26, as indicated by Schedule B. The Budget Surplus resulted from a net excess of actual over estimated revenues of \$1,654.19, and a net excess of appropriations over expenditures of \$960.07.

Property Acquired by Town through Tax Deeds: In our report of last year's audit we stated that "the two major problems which face the town at the present time are the liquidation of property acquired by tax deeds and the collection of poll taxes." Furthermore certain procedures were recommended which it was believed would be of material assistance in this connection.

It is noted that some progress has been made in this direction as evidenced by Schedule D, which indicates that eight properties which the town acquired by tax deed were resold by the town during the period covered by the present audit. In addition partial payments had been made towards the re-purchase of property in seven other cases. (Schedule E.) Twelve pieces of property were acquired through Tax Collector's deeds during this time. (Schedule C.) A slight improvement in the collection of poll taxes was also made.

Continued efforts should be made towards disposing of property held by the towns, as the liquidation of such property serves a two-fold purpose:

- (1) Reimburses the town for accumulated taxes, interest and costs.

- (2) Places the property on the tax lists again.

Tax Collectors' deeds should also be taken, where this has not all ready been done, in cases where no redemptions have been made from tax sales on account of the levies of 1934, 1935, 1936 and 1937.

TAX COLLECTOR

The Summaries of the Collector's Tax Sale Accounts for the tax levies of 1939, 1938, 1937, 1936, 1935 and 1934 are presented in Schedules H, I, J, K, L and M. The detailed list of unredeemed taxes from sales on account of these levies, as compiled on the date of audit, is included in Schedule G.

The Collector's Warrants for the years 1940, 1939, 1938 and 1937 were balanced as indicated by Summaries contained in Schedules N, O, P and Q. Uncollected property taxes account of the levy of 1939 are listed in Schedule O-1.

SELECTMEN'S AND TOWN TREASURER'S ACCOUNTS

Vouchers issued by the Selectmen during the fiscal year ended January 31, 1940, and the current fiscal year

to October 14, 1940, were examined as were also the supporting invoices and road agents' payrolls. The cancelled checks of the treasurer, issued upon orders of the selectmen, were compared with the vouchers and found to be in agreement. The receipts of the treasurer were checked by source insofar as it was possible to do so. Totals of receipts and expenditures were verified. The treasurer's cash book balance as of October 14, 1940, amounted to \$3,081.72. The reconciled bank balance, plus cash in hands of treasurer, as of like date was \$3,116.71, indicating an excess over cash book balance of \$34.99. (Schedule R.) Inasmuch as an excess of \$8.80 was reported on September 27, 1939, (date of previous audit) the net increase in bank balance over cash book balance during the period covered by the current audit was \$26.19. This was undoubtedly the result of the Treasurer's omitting to record in the cash book some receipt item, although funds covering this particular item were deposited in the bank.

It is recommended that all orders drawn by the Selectmen be given directly to the Treasurer for payment, in order that her record may be in agreement at all times with that of the Selectmen, thereby eliminating the possibility of outstanding orders.

TOWN CLERK

The motor vehicle and dog license accounts of the town clerk were audited and balanced as indicated by summary contained in Schedule S.

GENERAL REMARKS

While, as heretofore stated, progress has been made in the management and disposition of property acquired by the town through tax deeds, it is again recommended that an individual record be kept of each piece of property thus acquired, indicating the total investment of the town, therein—including taxes, interest, costs and any other expenses. When the property is re-sold by the town a complete record of all payments credited to the account should

likewise be kept. Cards on which to keep these records are available.

In the matter of abatements it is recommended that the standard printed abatement form be used in each case where an abatement is granted. This form is issued in duplicate, one copy being given to the tax collector and the other retained by the Selectmen.

It was suggested last year that the administration of relief might be more effectively handled by one overseer than is the case at present where three overseers are elected to perform this work. It is again recommended that the town consider this matter and either elect or authorize the Selectmen to appoint one overseer of the poor who shall be solely responsible for the administration of relief. It is also again recommended that the overseer furnish a monthly statement to the board of selectmen showing in detail all relief orders issued during the month in order that the Selectmen may have accurate and up-to-date information as to what has been charged against the appropriation.

Yours very truly,

HAROLD G. FOWLER,

Director, Division of Municipal Accounting.

Warrant for the Annual School Meeting

To the inhabitants of the School District in the Town of Seabrook, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Governor Weare Senior Order United American Mechanics Hall in said district on the 8th day of April, 1941 at eight o'clock P. M. to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.
5. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
6. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
7. To see if the district will vote to petition the State Tax Commission to have an audit made by the Municipal Accounting Division and to make an appropriation to cover the expense of such audit.
8. To transact any other business that may legally come before said meeting.

SEABROOK SCHOOL REPORT

Given under our hands at said Seabrook, N. H., this
27th day of February, 1941.

(Signed) HOWARD A. EATON, Chairman,
ELIZABETH K. CHASE,
DANA C. WELLS,
School Board of Seabrook.

A True Copy of Warrant—Attest:

(Signed) HOWARD A. EATON, Chairman,
ELIZABETH K. CHASE,
DANA C. WELLS,
School Board of Seabrook.

CERTIFICATES

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Seabrook School District held April 10, 1940.

(Signed) FLORENCE D. HALEY,

Clerk of the School District.

TO THE STATE BOARD OF EDUCATION

I certify that the above is a correct statement of the financial proceedings of the district for 1940, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board.

(Signed) HOWARD A. EATON,

Chairman of the School Board.

Superintendent's Report

To the School Board of Seabrook:

I herewith submit to you my eleventh report as Superintendent of your Schools.

The financial reports included herewith are those of the last completed school year and are a copy of those sent to the State Board of Education in Concord. These include the School Board's Financial Report, the Treasurer's Report, the Balance Sheet and the Detailed Report as compiled from the books of the School Board. In addition the Statistical Reports give the pupil attendance by schools, the attendance roll of honor, the school census, promotions, financial summary and the past fall enrollment by grades and schools. Also is included the list of pupils attending high school as received from their respective schools.

The schools of Seabrook opened September 4, 1940 with an attendance of 290. This compares with last year's September enrollment of 297. By closing the Boyd school the expense of that school was partially saved. One less teacher, one less janitor and fuel were the items saved. The pupils of Boyd were transferred to other schools. Text books, scholars' supplies and other pupil expenses were, of course, not lessened thereby.

Last June Miss Alice Weare, the teacher and councilor of so many children and adults of the town asked for a leave of absence which was granted by the board. Miss Geneva Briggs the teacher at Boyd school was, therefore, transferred to the Sanborn School.

At least four needed improvements have been made this year in the school equipment. After much consultation with various authorities, a new toilet building has been

constructed which is certainly a great improvement over former accommodations and seems to meet the approval of all concerned.

For some time it has been felt that a fire escape should be constructed for the Sanborn School. A two story wooden building with the stoves, chimney and stairs placed as in Sanborn caused concern. During the Fall of 1940 the Hussey Construction Company of North Berwick, Maine installed a regulation fire escape on the back of the building. While we hope it may never be needed, it is a precaution and a safety measure well taken.

The third improvement is the increased number of new text books which will soon be available in our schools. I believe the results from these books will be easily evident in the work of our children.

According to figures of the State Board of Education the average cost per pupil for elementary education in New Hampshire during the past complete year was \$81.85. The corresponding amount for Seabrook is given by the same table as \$54.30. Only two of the 241 towns and cities report a lower figure. It should be recalled that the costs of the Boyd School were included in these items. Nearly six thousand dollars is received yearly from state aid.

As the fourth improvement, the pupils of the Seabrook Schools are now receiving instruction in music. It seems too bad that, during the past several years this has not been the case. Seabrook pupils like to sing and are rather gifted in this. It will take some time to catch up on those years in which there was no supervisor, but I believe it can be done. The natural ability of our pupils is shown by the remarkable entertainments which have been given by our pupils. When any of our schools announce an entertainment it is known that an evening of keen enjoyment is ahead of us. The teachers work hard and should receive and, I believe, do receive great credit, for the training they give the children at such times.

The rapidly changing social, economic and political

conditions of the world in its present upheaval must have their effects upon school practices and school objectives. While there are eternal truths which must always be taught the coming generations, it seems evident that a realignment of emphasis must come about in educational programs.

The school of America has always taught democracy. It has taught democracy by its practice of equality for all—ability alone distinguishing one pupil's place from that of his fellows. It has taught democracy by studying the stories of great heroes, by learning the great truths which controlled the lives of these heroes. It has taught democracy by implanting in the young minds a devout respect for religion and for religious thought. It has, in the later school years, placed the Constitution and the great documents of the democracy as required study. These are but beginnings however.

When our children leave our schools they will be immediately faced with a conflict of governmental theory. Unless they are thoroughly acquainted with the foundations of democracy they will be confused. Unless they are trained to a deeper consciousness of the privileges and responsibilities of American citizenship, our school will be neglecting its present chief obligation. For this reason we shall ask the support of the citizens for increased emphasis upon certain subjects. There must be more teaching of the resources of our land. There must be more time spent in studying our social relations one with another. Daily it is becoming more important that people know how to live together. There must be a more definite preparation for the skilled trades. We have tended to overemphasize mental skill and disregard manual skill. It is the trained hand that our situation in the present and immediate future demands. The schools must help to meet this demand. We must become more definite in our school work. To this end we ask your aid.

That our teachers and our children are doing good work is proven by their standardized tests given regularly

in our schools. These are given for three purposes. By these tests it is possible to determine the pupil's rating in relation to the other pupils of his grade, to determine his accomplishments in relation to national standards and to determine his weak and strong subjects. With these points known a definite path of progress can be plotted. By centering effort upon a child's individual differences, a larger percentage of his ability is usefully employed. To use added time for teaching a pupil what he already knows is wasteful. To attempt the next step in a learning process when the previous step has not been mastered is equally wasteful. It is this balancing of values which test results help to obtain.

The Seabrook Parent-Teacher Association is a loyal and interested organization. As the nucleus for child welfare it is doing a grand job. Let me urge all interested citizens to become members of the organization. You will receive help and inspiration. The association will receive help from your presence.

The report of Mrs. Lindsey is included herewith. She is invaluable to the children of Seabrook as school nurse. Physical health is the second of the seven main objectives of education. That work is well taken care of.

You, as a school board, have always kept the welfare of the Seabrook schools in the forefront of your considerations. You have always been helpful to me in the administration of your schools. I depend upon the same help in the future.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools,

February 26, 1941.

Report of the School Nurse

The yearly school physical examination made by Dr. Coleman assisted by the school nurse is as follows:

Number of pupils examined, 291—No. not present, 9.

Number Underweight, 38—No. corrected, 15.

Number Defective vision, 8—No. corrected, 6.

Number Defective hearing, 1—No. corrected 0.

Number Anaemia, 2.

Cardiac condition, 2.

Defective teeth, 71—No. corrected, 10.

Diseased tonsils, 61—No. corrected, 11.

Adenoids, 12—No. corrected, 11.

Enlarged glands, 12—No. corrected, 5.

Number vaccinated, 217—Unvaccinated, 70.

Unsuccessful vaccinations, 4.

In June 1940, Dr. Coleman assisted by the school nurse conducted a vaccination clinic and forty-one children were vaccinated. The state gave the vaccine, and Dr. Coleman very generously gave his time for this work. This is the third clinic conducted for school children and the unvaccinated rate has been considerably lowered. There is still a large per cent unvaccinated and parents should realize that this is a very important safeguard for their child's health.

At this time I would like to emphasize the importance of having more dental work done. Our dental defects are more than they should be and a dental clinic held yearly would greatly improve the teeth of our children. The yearly care of the teeth is necessary for the health of the child. Five children were taken to the office of Dr. Merle Straw, Hampton Falls. This work was paid by the County. The children were all transported by the nurse. One tonsil operation was performed by Dr. Lee of Exeter at the Exeter

Hospital at a reduced rate. Arrangements were made by the nurse.

Glasses were procured for one child through the Mother's Aid Society. Clothes for needy children have been contributed by the County Welfare. Through the generosity of Mr. Foss, County Commissioner, one hundred and twelve children are receiving cod liver oil daily at school. At all times Mr. Foss has been most generous and helpful and at this time I would like to express my thanks to him and his assistants.

Number of visits made to schools, 233.

Number of visits made to homes, 174.

Special visits made, 4.

Number of cases of chicken pox, 3.

In event of any contagious disease, the school nurse makes special visits to the schools to keep strict supervision over school children. The children are examined frequently by the school nurse, their weights are recorded on class room charts and examinations are made of teeth, skin and hair.

A splendid hot lunch program is being carried on in some of the schools. These lunches serve to supplement the child's own lunch and a marked improvement has been noticed in the children receiving these lunches.

In conclusion I should like at this time to thank Mr. Gillmore, the School Board of Seabrook, the teachers and parents for their cooperation in my work in the schools of Seabrook.

Respectfully submitted,

DOROTHY E. LINDSEY, R. N.
